SUMMER · AUTUMN
2022

Being together is what brings unforgettable memories to life.

Together, we like to hit the road or jump on a train. Treat ourselves to a break, get away from everyday life with loved ones. No need to go far on holiday to feel the breath of adventure. Between beautiful stretches of sandy beach, authentic, charming villages and green summits, one cannot dream of a more beautiful playground than France to get away from it all

Together, we learn from each experience, we reinvent ourselves and we discover once again the pleasure of holidays in different ways. We can trade our afternoon on the beach for a family walk, our drink on a restaurant terrace for a homemade lemonade in spacious and welcoming accommodation. Having plenty of space and being able to stay with complete independence is much better !

Together, we strive to make your holidays full of wonderful moments, much closer... Count on our teams to welcome you in the best conditions, proposing offers that reassure and meet your needs: choose to stay a few nights or a whole week, choose to arrive when you want, collect your keys directly in your accommodation without queueing and go home delighted !

Together, alongside our partners and resorts across France, we give meaning to our actions. We strive to preserve our environment and to put into place responsible and united projects and actions.
