# The essence of Odalys

**Together,** we like to hit the road or just jump on a train. Treat ourselves to a change of scenery, get away from everyday life with our loved ones. No need to go so far on holiday to get the taste of adventure. Between snow-capped peaks, authentic and beautiful villages stretches of sandy beach, one cannot dream of a more beautiful playground to escape to than France !

**Together,** we learn from each experience, we reinvent ourselves and we rediscover the mountains differently. We can trade our skis for snowshoes, our drink in a cafe for a hot chocolate in cozy and spacious accommodation. Having plenty of space and being able to be independent is even better !

**Together,** we strive to create wonderful moments on holidays, even closer...

Our teams welcome our clients in the best conditions, with offers that reassure and meet their needs: stay just a few nights or a whole week, choose to arrive when you like, skip-the-line and collect your keys directly in your apartment and leave enchanted !

**Together,** alongside our partners and resorts across France, we give meaning to our actions. We take care to preserve the environment and to implement responsible and united projects and actions.

***It's together,  
that we bring unforgettable  
memories to life.***
